Come hear about the variety of ways that you can succeed at Piner High School!

Many students are already benefiting from Piner's unique **Early College Magnet Program**. This program provides a free opportunity to earn up to two years of college credit through the junior college while still enrolled in high school! We have many other programs of which we are very proud as well, such as our new **STEM Certificate**. Come find out what Piner has to offer! We are the perfect place for you to grow both academically and personally!
